GETTING READY FOR JUNIOR SERVICE LEAGUE TOY SALE

On Monday, December 6th, many months of activity by the Workshop Committee of the Junior Service League will result in a Christmas wonderland at the Friendly Aid Building on Washington Street when the Annual Toy Sale will be held. The project has grown to be one of the most appealing in town, and every year many toys of all descriptions are donated. When necessary they are repaired and repainted by Service League workers, often with the help of enthusiastic husbands. This year's committee has worked several hundred hours under the direction of Mrs. L. M. Sargent, Jr.
